

FOR IMMEDIATE RELEASE

SCHWARTZ INTERNATIONAL Joins Allinial Global

ATLANTA, GA. July 25, 2017 — Schwartz International is very pleased to announce it has joined Allinial Global (formerly PKF North America), a member-based association that has dedicated itself to the success of independent accounting and consulting firms since its founding in 1969. Allinial Global is based in North America, but offers international support by connecting its firms to providers and global networks of accounting firms worldwide, fostering the independence, profitability, and continuous improvement of its members. Schwartz International has four partner level advisors and a total of seven international tax specialists.

“We joined Allinial Global because of our strong commitment to our clients,” said Marc Schwartz. “Through this global association, we will have access to cutting edge skill-building and niche information designed to bring greater profitability to the business owners we serve. We will enjoy all the advantages of national firm resources while still maintaining our independent status.”

Allinial Global firms continually seek new ways to better meet the needs of their clients. In this cooperative environment, firms share ideas, training programs, and technical expertise. “We look forward to being active participants in the Allinial Global association and working closely with other successful firms worldwide,” commented Marc Schwartz.

About Schwartz International:

Schwartz International is an international tax and business consulting firm that serves companies and individuals who desire the top-tier global expertise associated with larger firms, along with the flexibility, responsiveness and personal touch of a specialized boutique practice.
